AMBASSADOR MUST ANSWER CHARGES

Accused of Shielding Defunct Bank Official.

BANK WRECK FIGURES IN CASE

Prosecutors Allege They Have Evidence Sufficient to Ruin Ambassador Thompson—The Charge Is Denied by the Ambassador.

Mexico City, Oct. 29.—Somewhat of a sensation was caused in financial circles when it was learned that warrants had been issued for the arrest of J. E. Starr Hunt and three of his associates, charging them with fraud in their handling of the funds of the defunct International Bank and Trust company of America.

This sensation was greatly manifested in the United States. Ambassador Thompson was openly charged with endeavoring to shield Hunt.

The police and secret service agents are looking for Hunt, but have been unable, as yet, to locate him, although they say they are positive he is in the city.

Ambassador Thompson denies any connection with the case, and says the charges against him are absurd.

The International Bank and Trust company was organized in the fall of 1902 and went into the hands of a receiver on Oct. 17, 1903. It was the first bank failure in the republic for 57 years and created a sensation at the time. The bank had seven branches throughout the republic and was capitalized for $1,850,000. When it went to the wall its liabilities totalled $2,584,000.

Hunt was an attorney for the bank and it is declared that he favored creditors and fraudulently and falsely dated numerous promissory notes in order to realize upon them after the institution was in the receiver's hands.

Associated with him in the transactions were J. O. Rice, general manager of the defunct bank; W. O. Staples, a member of the board of directors, and Antonio Rincon Alas, confidential adviser of Hunt.

Charges were brought against the men some time ago, but the matter was postponed from time to time. Finally it was rumored that influences were being brought to bear to quash the proceedings.

Not until Friday night was it definitely known that the men would be prosecuted. When this was made public, L. W. Wilson of the firm of Warner, Johnson & Wilson, attorneys for the liquidating committee, made his charges against the United States ambassador here.

He said:

"We have indisputable evidence that Ambassador Thompson has acted improperly in this case. He went to President Diaz, in an effort to have the proceedings against Hunt dismissed, and later wrote a letter to Judge Ortega, before whom the case was pending, in an endeavor to influence that jurist. We have drawn up a statement embracing these charges and will forward same to the state department at Washington. I believe we have sufficient proof in the case to warrant the recall of the ambassador."

Ambassador Thompson contented himself with a simple denial of the charges.

"I never interceded with the president in behalf of Hunt," he said, "nor did I ever improperly try to influence a court in this case. Let them file their charges. They will find it a serious matter when they cannot prove them. The authorities at Washington know of every move I make here and know that I would not do wrong."

The president of the defunct bank and trust company was C. H. Hunt, now serving a sentence in Joliet, Ills., for bank wrecking. He organized the Pan-American bank after the failure of the International. He is no relative of J. E. Starr Hunt. The latter was secretary of the third Pan-American congress, held in this city some three years ago. At the last congress held in Rio Janeiro he acted as general secretary of the union upon the request of the Brazilian government. His main offices are in Mexico City, but recently he established a branch office in New York city.

COTTON HAUL... FARM

Farmers Refuse Offer of 10.77 Cents For Staple.

Ingleside, Ga., Oct. 29.—"Unless you can pay 11 cents per pound, you don't get the cotton."

This is the reply the farmers in this section are returning the cotton buyers who seek the fleecy staple. Eleven cents has been fixed as the minimum price, and they are determined to stand to the agreement. Not even a bid of 10.77 is sufficient to induce the growers to turn loose their product. The slogan is "11 cents or no cotton."

At a meeting of the Farmers' union men, held at Scottdale, about 135 bales of cotton, which had been brought in for sale, was in evidence. The minimum price fixed by the association was not offered, and the cotton was hauled back home.

A. G. Flake, a cotton buyer, made a bid of 10.77, but it was refused. The farmers were firm in their faith that to take less than the 11-cent minimum price would be disloyal to their union and result in a direct loss to each one of them.

They believe that the recent early frosts has reduced the visible supply and that with increased consumption, cotton must go higher. Since the manufacturer fixes the price of his goods, they are determined to stand together to fix a reasonable price for the product of their labor and expenditures in making a crop.

Hill Free of Charge.

Atlanta, Oct. 29.—Wellborn Hill, a many year resident of Atlanta, against whom a United States grand jury 15 months ago found a true bill charging violation of the postal laws, was given an acquittal by a jury put upon him by the government. Rube Arnold, Judge Sleck and B. H. Hill appeared for the defendant, while District Attorney Tate and his assistant, Mr. Henley, cared for the government. Every inch of the ground was fought vigorously. The witnesses were put upon hot irons. The jury was within the jury room less than three minutes. When it came out Wellborn Hill was a free man, free of even the slightest suspicion.

Bold Attempt at Robbery.

St. Petersburg, Oct. 29.—A bold attempt was made at about noon on Saturday in the center of this city to rob a wagon which was conveying cash from the customs department to the state treasury. Two bombs were thrown in quick succession at the vehicle as it was passing a corner near Ekaterinsk canal, close to a branch of the treasury. The gendarmes escorting the wagon, although wounded by the explosion of the bombs, fired a volley at the robbers. One of the latter was killed, another was wounded and a third was captured. Many bystanders sustained slight injuries as a result of the explosions.

His Skull Crushed by Negro.

Mobile, Ala., Oct. 29.—George Faircloth, manager of the Republic Creosote company of Mobile, was the victim of a brutal assault by a negro workman who became angry because the manager insisted that he put in a full day, and struck Faircloth from behind with a 4x5 scantling weighing 50 pounds. Faircloth dropped like a log with a fractured skull. He is in a critical condition. The negro escaped. Mr. Faircloth lately removed here from Indiana.

Holds World's Record.

New York, Oct. 29.—Walter Miller, the jockey whose fine work in the saddle has attracted wide attention, is credited with the world's record this season. Since Jan. 1 he has ridden 304 winning horses and he will largely increase this number before the eastern racing season ends.

Go For Spanish Subjects.

Cadiz, Spain, Oct. 29.—The Spanish cruiser Doma Maria de Molina left here for Arzilla, Morocco, Saturday to take on board the Spanish subjects there whose lives are endangered as a result of the occupation of that town by insurgent tribesmen.

RAWLINS BOYS AGAIN RESPITED

Governor Terrell Approved the Recommendation

OF THE PRISON COMMISSION

Commission Persuaded to Recommend Another Respite Because of the Fact That Appeal of J. G. Rawlins Is Pending Before Supreme Court.

Atlanta, Oct. 29.—Milton and Jesse Rawlins, and the negro, Alf Moore, Lowndes county murderers, have again been respited by Governor Terrell, the prison commission recommended a further respite, and the governor approved the recommendation.

The respite gives the trio a lease on life for 30 days from Nov. 2.

The prison commission was persuaded to recommend an additional respite because of the fact that the appeal of old man J. G. Rawlins, who planned the murder of the Carter children, is still pending in the United States supreme court, and until it has finally been disposed of the commission does not wish to pass upon the applications of Jesse and Milton Rawlins for a commutation of their death sentence to life imprisonment.

Organize Independent Organization.

Nashville, Tenn., Oct. 29.—The farmers of Trigg county, Kentucky, who are not members of the Dark Tobacco Planters' Protective association, who are familiarly known as "Hill Billies," met at Cadiz, Ky., Friday and organized an independent association. Strong resolutions were adopted in which their position was defined. The forming of the association is the outcome of alleged drastic measures employed by the Dark Tobacco Planters' Protective association, preventing independent buying of tobacco. About 100 planters joined the organization.

Negro Hanged at Aiken.

Augusta, Ga., Oct. 29.—Isaac Johnson, a negro, was hanged at Aiken Friday at 11:25 a. m. for criminally assaulting Mrs. Chapin. Johnson committed the crime about four months ago. He was convicted at a recent term of court. He made no statement and went to his doom with apparent concern. The hanging was private, inside the jail yard. There was no demonstration of any kind. A petition had been circulated asking Governor Hoyward to commute his sentence. It was signed by a large number of whites.

Church Sells Commercial Holdings.

Salt Lake City, Utah, Oct. 29.—Reports that the Mormon church as an organization is to retire from commercial business were further verified when it was officially announced that the Utah National bank had been sold. In the last four months the Mormon church has disposed of its big holdings in the Utah Light and Railway company, which controls the principal public utilities in this city, its Los Angeles and Salt Lake railroad and its big retail department store at Ogden.

Compromise Is Effected.

Albany, Ga., Oct. 29.—The anticipated bitter political fight over the raising of the liquor license in Albany to $1,000 was forestalled Friday night by a compromise reached by representative committees of the liquor and high license factions. According to the compromise agreement which council has agreed to adopt, rigid regulations are to be placed on the liquor traffic. The number of saloons is to be reduced to 20 and the license raised to $400.

Liabilities $10,526; No Assets.

New York, Oct. 29.—Moses Ellis Wooster, a solicitor, has filed a petition in bankruptcy, with liabilities of $10,526 and no assets. He was the solicitor who testified in the proceedings against Town Topics, and it was through him that the revelations about "Pals and Pascies" were made.

BLOODHOUNDS TREE BAD NEGRO

But Despite This the Negro Made Good His Escape From Arrest.

Dublin, Ga., Oct. 29.—The negro, Feidon Edmunds, who shot J. A. Hogan, at Dudley, last Saturday, is still at large.

Dogs from the convict camp that were put upon his track had the negro up a tree during the night, in Turkey creek swamp, near Blue Water, but Oscar Skelton, the man in charge of the dogs, had no horse to go into the swamps with, and no one with him, and so the negro got away. Skelton returned to the camp, leaving the dogs on guard, intending to return to them the next day with more help.

When the party reached the swamp the next morning they found where the dogs had had Edmunds treed, and found several places where he fought with the dogs, pieces of broken limbs of trees having blood and hair upon them being found.

The negro outwitted the dogs in some way, however, and by getting into the run of the creek got away.

One of the dogs returned to the camp thoroughly exhausted, but the other one has never shown up, and it is believed that in a fight Edmunds had with the dog, after leaving the tree, the dog was killed.

Alarmed at Berkman's Disappearance.

New York, Oct. 29.—Emma Goldman and certain of her followers were a good deal alarmed on Friday night over reports from Cleveland that Alexander Berkman, who is telling his prison experiences in western Socialistic centers, dropped out of sight there on Wednesday. Miss Goldman sent telegrams to Columbus, Cleveland, Pittsburg, Buffalo and Rochester in an effort to get trace of him. Berkman left here two weeks ago on a lecture trip. Miss Goldman was seen Friday night when she went to her home, where she is known as Miss Smith. She was laboring under great excitement, but would not express any opinion as to what has happened to Berkman. Among Miss Goldman's intimates it was said Friday night that she thinks he has either been kidnaped by detectives, or has committed suicide.

Will Manufacture Postage Stamps.

New York, Oct. 29.—After Feb. 1 next the American Bank Note company will manufacture all United States postage stamps. Under a contract made public Friday, the concern must deliver 27,000,000 stamps daily six times a week. The American Bank Note company made the first postage stamps for the government and held the contract up to 13 years ago. At that time the government went into business itself by manufacturing the Columbian issue, and down to this date the bureau of printing and engraving has turned out all stamps. According to Warren L. Green, president of the Bank Note company, the government decided to employ a private institution again because it can do the work cheaper.

Mayor Schmitz In London.

New York, Oct. 29.—A Herald special from London Saturday conveys an interview with Eugene Schmitz, mayor of San Francisco, who is at present in the British capital spending much of his time in visiting London's municipal districts in order to see how affairs are administered and the class of building that is in vogue. Mr. Schmitz said that in reconstructing San Francisco they must build for the people that will live there 200 years hence, and that was his reason in visiting Europe. He intends to visit other cities on the Continent, he said, and his visits to Liverpool and Glasgow, already made, had been useful.

Defensive Alliance Made.

New York, Oct. 29.—A London dispatch published here claims that a defensive alliance has been made between Great Britain and Italy which is to become operative whenever the triple alliance between Germany and Austria shall have expired. This regrouping of the great powers, says the dispatch, is the result of the national outcome of the destruction of the balance of power in Europe consequent on the paralysis of Russia in the Japanese war.

RUNAWAY HORSE LOST HIS LIFE

After Demolishing Wagon Fell Through a Trestle.

PROPERTY OF MERCHANT & CO.

Was a Valuable Animal and Purchased Only a Few Days Ago—Narrow Escape of Fraser Merchant, the Occupant of the Wagon.

As the result of a runaway on the North Gainesville rock road Monday afternoon, Fraser Merchant narrowly escaped serious injury, and probably death, while the valuable horse attached to the Merchant delivery wagon, and which Mr. Merchant has owned only a few days, is dead and the wagon demolished.

Young Merchant was sent to North Gainesville with a load of groceries. These were delivered, and upon the return some school children raised an umbrella in the road in front of the horse, which frightened the animal, when he made a sudden plunge, and when young Merchant attempted to check him up the reins broke, which gave the animal full sway.

Fraser lost no time in getting out of the wagon, and just as he jumped from the rear the vehicle came in contact with a tree, partly damaging the wagon. The harness broke and the horse was detached from the wagon at this time. Upon reaching the Gainesville and Gulf railroad he dashed madly up the track for a couple of hundred yards into a trestle, and from the injuries received in falling through the trestle death resulted instantly.

Friends of the firm sympathize in the loss of this animal, which was regarded as one of the most valuable delivery horses in the city.

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sledge, 540 Jones Ave., Selma, Ala. Oct. 28, 1905.

COUNTY TAX BOOKS.

Having Been Received and Accepted, Now in Hands of Collector.

The tax books for 1906, having been received and approved by the Board of County Commissioners, the same have been turned into the custody of County Tax Collector W. D. Dickinson, who is now ready to receive tax money and issue receipts.

W. L. Smith, a progressive planter of LaCrosse, has the distinction of holding the first property receipt of the county, while Prof. W. N. Sheats, now at Tallahassee, paid the first poll.

Collector Dickinson stated Monday that occupational license taxes have been coming in rather lively during the month, but still there are a great many to be issued. These taxes were due on October 1. Collector Dickinson will begin on November 1 the compiling of a list of all delinquents. These delinquents will be reported to the State Attorney for his action, and those who do not want their names to be presented should pay their occupational tax at once.

Closing of Smith's Auction Sale.

The great auction sale at L. C. Smith's store will be brought to a close on Tuesday, Oct. 30. By that day his entire stock will have been sold, and he will proceed to remodel his store.

Never in the history of Gainesville has such interest been manifested in an auction sale, and the store has been crowded at each session with ladies and gentlemen, and many bargains were secured.

Mr. James L. Hand, Jr., the National Jeweler's auctioneer, conducted the sale, and his entertaining and gentlemanly manner of describing and selling the articles was the principal cause of its immense success.

Many of our citizens who had never before attended an auction were attracted to this one. This was largely due to the personality of the auctioneer, who is a gentleman of education and refinement. He leaves many friends here who wish him the success which he deserves.

Jealousy.

The beautiful girl's sweet smiles changed to dark frowns.

"You deceiver!" she hissed. "I hate you!"

The young man dropped his cane in astonishment.

"Hate me!" he gasped. "Why, it was only yesterday you said you loved every hair on my head."

"Yes, but not every hair on your shoulder," she retorted as she held aloft a golden bit of evidence.—Chicago News.

Don't Be Imposed Upon.

Southerners Excited Over Cooper's Cures

There seems to be no let-up in the excitement over the remarkable cures of stomach trouble and rheumatism that L. T. Cooper, the young philanthropist, is effecting with his medicines.

His work in New Orleans for the past few weeks has been creating wide attention in that section of the country. On the streets, in hotels and other public places Cooper's cures are the sole topic of conversation. He is discussed everywhere, and the newspapers contain daily reports of his cures. A number of startling cases have been cited and the names of the most prominent citizens have appeared in connection, which fact seems to verify the truth of the reports.

In an interview with Mr. J. T. Russell, a well-known business man of New Orleans, living at 2538 Delachaise St., who is reported as having been cured of rheumatism with the new medicines, he said: "It is true that I have been wonderfully benefited by Cooper's New Discovery medicine in a very severe case of Sciatic Rheumatism, from which I suffered for some time. I have used Cooper's medicines one week and the results have been truly marvelous. Before that time I was almost helpless, and now I can use the afflicted parts freely without the least pain. The swelling and soreness disappeared soon after I began using the treatment and now I am improving every day."

Mr. A. J. Erskine, another prominent and influential man of New Orleans, living at 1005 Annunciation St., whose name was among those printed in a recent issue of The Picayune, was seen and talked freely of his experience. He was enthusiastic in his praise of Cooper and said: "I am surprised myself at the wonderful results I have obtained from the use of these preparations, for my case was a most obstinate one and has baffled medical skill for the past three years. I have been suffering from Inflammatory Rheumatism and sometime ago I went to a hospital, where I received the best of care and was treated by several physicians, but without relief. One of my knees was greatly swollen, and so sore that I could not bare to touch it. I had tried everything I ever heard of, and had about given up hope of ever getting better when I began to read the stories of Cooper's marvelous cures. I determined to see what his remedies would do for me, however, and began using them. At the end of the first week the swelling had been reduced and I could use my limb freely without the least pain. I have been improving right along and now I feel better than I have for some time.

Cooper's preparations are well known in this city, and have effected some remarkable cures here. At J. W. McCollum & Co's. drug store, the local sales agency for the medicines, it is said that the demand has been enormous, and that the sales are still on the increase, which fact amply proves their efficiency.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Dr. Pierce's Favorite Prescription,

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine OF KNOWN COMPOSITION, a full list of all its ingredients being printed, *in plain English*, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol *and that too in large quantities*. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely *free* if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed *in plain English* on every bottle-wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are *free* for the asking.

If you suffer from periodical, headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

Will Sell Cotton Stalks.

Decatur, Ala., Oct. 29.—Many of the farmers in this section of the country are thinking seriously of resorting to a new plan to make money out of their cotton crop. The crop in this locality this year is very poor, the crop having been badly damaged by heavy rains a few weeks ago. The farmers now are thinking of gathering the cotton stalks after the cotton is all picked and shipping the stalks to factories, which have recently been established, which factories use the cotton stalks to make paper of. It is said that the pulp of the cotton stalk makes a fine grade of paper. The farmers of this locality are of the opinion that there is money in growing cotton and selling the stalk to these paper mills which use the pulp of the cotton stalk.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the great discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

WHO SHE WAS

SKETCH OF THE LIFE OF LYDIA E. PINKHAM

And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused it to be Offered for Public Sale in Drug Stores.

This remarkable woman, whose maiden name was Estes, was born in Lynn, Mass., February 9th, 1819, coming from a good old Quaker family. For some years she taught school, and became known as a woman of an alert

and investigating mind, an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a daughter.

In those good old fashioned days it was common for mothers to make their own home medicines from roots and herbs, nature's own remedies—calling in a physician only in specially urgent cases. By tradition and experience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease. She maintained that just as nature so bountifully provides in the harvest-fields and orchards vegetable foods of all kinds; so, if we but take the pains to find them, in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and it was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

Chief of these was a rare combination of the choicest medicinal roots and herbs found best adapted for the cure of the ills and weaknesses peculiar to the female sex, and Lydia E. Pinkham's friends and neighbors learned that her compound relieved and cured and it became quite popular among them.

All this so far was done freely, without money and without price, as a labor of love.

But in 1873 the financial crisis struck Lynn. Its length and severity were too much for the large real estate interests of the Pinkham family, as this class of business suffered most from fearful depression, so when the Centennial year dawned it found their property swept away. Some other source of income had to be found.

At this point Lydia E. Pinkham's Vegetable Compound was made known to the world.

The three sons and the daughter, with their mother, combined forces to restore the family fortune. They argued that the medicine which was so good for their woman friends and neighbors was equally good for the women of the whole world.

The Pinkhams had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were steeped on the stove, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a job printer to run off some pamphlets setting forth the merits of the medicine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkham sons in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were, to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased.

In 1877, by combined efforts the family had saved enough money to commence newspaper advertising and from that time the growth and success of the enterprise were assured, until to-day Lydia E. Pinkham and her Vegetable Compound have become household words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed to her reward years ago, but not till she had provided means for continuing her work as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work and she was always careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for advice—and there were thousands—received careful study, and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with hundreds of thousands made since, are available to sick women the world over, and represent a vast collaboration of information regarding the treatment of woman's ills, which for authenticity and accuracy can hardly be equaled in any library in the world.

With Lydia E. Pinkham worked her daughter-in-law, the present Mrs. Pinkham. She was carefully instructed in all her hard-won knowledge, and for years she assisted her in her vast correspondence.

To her hands naturally fell the direction of the work when its originator passed away. For nearly twenty-five years she has continued it, and nothing in the work shows when the first Lydia E. Pinkham dropped her pen, and the present Mrs. Pinkham, now the mother of a large family, took it up. With women assistants, some as capable as herself, the present Mrs. Pinkham continues this great work, and probably from the office of no other person have so many women been advised how to regain health. Sick women, this advice is "Yours for Health" freely given if you only write to ask for it.

Such is the history of Lydia E. Pinkham's Vegetable Compound; made from simple roots and herbs; the one great medicine for women's ailments, and the fitting monument to the noble woman whose name it bears.

WORK OF STATE AUDITOR.

The Tallahassee Sun of October 20th contains a very timely and interesting article showing the good work of the State Auditor. According to The Sun the State Auditor saved to the counties during the twelve months ending June 30, 1905, the sum of $14,000, at an expense of $3,750.

No report is given by The Sun for the year ending June 30, 1906, and as the expenses of the office have been about doubled during that period the people would like to know if results have been commensurate therewith.

The Sun says the $14,000 saved the people was due to clerical errors made by county officials, which were discovered by the State Auditor upon an examination of the books. Well, now, what the taxpayers of the counties would like for the State Auditor to do, is to go a little further and make a thorough examination of the State offices—especially the tax redemption department. In this way he may save considerably more than $14,000 to the counties. There is a general impression that the Comptroller is not treating the counties fairly in remitting for lands sold at tax sale and thereafter redeemed or sold to purchasers of certificates, and we believe the complaint is well founded. The State is not now—or at least should not be—to much expense in the redemption of lands, for the great burden in their line has been shifted from the Comptroller's office to that of the clerk of the circuit court, but no difference is observable in the proportion remitted to the counties.

We will cite one of many instances from Alachua county: In March last, Clerk Samuel H. Wienges remitted to the Comptroller $1,145.10 derived from the redemption and sale of tax certificates. Of this sum $277.96 was principal on years omitted from the tax books and $52.69 interest on same. On this $330 65 the State had incurred absolutely no expense, but of the total of $1,145.10 the Comptroller returned to the clerk as the county's proportion only $438.65, notwithstanding that the rate of taxation for county purposes is about two-thirds that levied for both State and county.

Now, where is the justice in this? And by what mathematical problem does the Comptroller make the division?

Will the State Auditor kindly investigate and let the people know? In this connection he may save to the taxpayers of the counties many times fourteen thousand dollars.

REPUBLICAN CLAP-TRAP.

The Republican leaders and newspapers in Missouri have been urging the voters of that State to elect Republican Congressmen in order that there may not be a divided government at Washington. So far so good, and if the people of Missouri want a stand-pat Congress to further foster trusts by refusing to revise the tariff they will vote as urged. But the next week these anxious Republican stand-patters ask the voters to vote for Republican State legislators for exactly the opposite reason, but telling them it is vitally necessary to elect a Republican State House of Representatives in order that there may be a divided government at Jefferson City as a check upon the Democratic administration. It is difficult to believe that the Missouri voters will be caught by this double dealing clap-trap, for what is sauce for the goose should be good enough to be sauce for the gander.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. ADDRESS TO DEMOCRATS.

It is Very Important That a Large Vote Be Polled.

Jacksonville, Fla., Oct. 26, 1906.

To the Democrats of the Second District:

Bills are pending in Congress to cut down the representation of Southern States, the Republicans, who advocate these bills, claiming that the vote cast for Congressmen is out of proportion to the population. The Democratic candidate for Congress from this district, Hon. Frank Clark, has little opposition and the committee has decided an active speaking campaign unnecessary. It is, however, of the greatest importance to the people that the largest possible vote be polled in every county of the district.

Your committee takes this method of urging every Democrat not only to cast his own vote on election day, but to see that every other Democrat in each election precinct comes to the polls. It is only in this way can the State of Florida best protect itself from the cutting down of its representatives, should any of these bills be passed by Congress. P. A. HOLT, Chairman Second District, Congressional Committee.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by all druggists.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Cars Stopped by Policemen.

Cleveland, O., Oct. 29.—The street car situation in this city assumed an acute phase when the police, acting under instructions from the city hall, suddenly stopped the operation of the cars of the Cleveland Electric Railway company and suburban lines on Erie street between Prospect and Central avenue. The action was taken, it is said, because it is held that the franchise of the Cleveland Electric railway on Erie street has expired. The station of the suburban lines is located on Erie street, and as a result of the tie-up out of town cars will be unable to discharge freight at the regular terminal depot.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

The Chew that's Sweet and Clean

No wonder SCHNAPPS is popular—it's the chewing tobacco that suits the man who chews to get enjoyment from the tobacco, instead of the mere habit of chewing and expectorating

SCHNAPPS is made from choice selections of the well matured, thoroughly cured Piedmont leaf, with an aroma so delightful and appetizing that it popularized the chewing of tobacco. There's no other tobacco in the world that requires and takes so little Schnapps sweetening.

That's what makes the difference between SCHNAPPS and the many excessively sweetened imitations—and it's such a difference that once a chewer chews SCHNAPPS, he is never deceived with any imitation.

The sweet, tasty and exhilarating *quality* of SCHNAPPS tobacco has made the Reynolds factory famous as the manufacturers of the best and most popular brands of chewing tobacco, and as the largest and best equipped flat plug factories in the world. They contain every modern appliance for producing the best chewing tobacco, by clean, sanitary and healthful processes. The R. J. Reynolds Tobacco Company is under the direction of the same men who have managed it since 1875, and who have made the chewing tobacco business a life-study.

DR. BOUCHELLE

Dr. L. B. Bouchelle of Thomasville, Ga., a physician well known in the South, is very enthusiastic over the cod liver oil preparation, Vinol. He says: "I have used Vinol in my family and in my general practice with the most satisfactory results. It is exceedingly beneficial to those afflicted with bronchial or pulmonary diseases and to create strength."

Our local druggist, W. M. Johnson, says people of Gainesville should remember that Vinol is not a patent medicine, but the medicinal elements of good old-fashioned cod liver oil in a highly concentrated form—taken direct from fresh cods' livers—the useless oil eliminated and tonic oil added.

This is why it is prescribed so generally for bronchial and pulmonary diseases. It is splendid to create an appetite, strengthen and tone up the digestive organs, make rich, red blood, and replace weakness with strength.

We ask every weak, thin, run-down, nervous and aged person in Gainesville and all those suffering from chronic colds, coughs and weak lungs, to try Vinol on our offer to return money if it does not benefit them.—W. M. Johnson, Druggist.

NOTE—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
